

N.11: Superannuations:

The family of RRCAT wishes happy and healthy post retirement life to its following colleagues.

S.1: Shri K.C. Arya

Shri K.C. Arya retired on superannuation in May 2014. Shri Arya was one of the persons who came to RRCAT in early years. He joined BARC in 1978 and RRCAT in 1986. Immediately after moving to RRCAT, he worked on the engineering detailing and drafting for injector microtron and RF cavities for

booster synchrotron. In his later years at RRCAT he worked on the drafting of a large number of accelerator components and infrastructure facilities. We remember his contributions and wish him well for his post retirement life.

S.2: Shri B.R. Chowhan

Shri B. R. Chowhan, Sr. Techn. (J), retired on 28.02.2014 upon attaining superannuation. He was among the first technicians, who joined RRCAT and served in water supply cell for twenty seven years. He was instrumental in ensuring smooth water supply operations and carrying out effective PH maintenance works.

His dedication in conducting preventive and special maintenance of rising main and fire line was exemplary. He had mentored the new colleagues to ensure continuance of best services. We wish him well for his post retirement life.

S.3: Shri S. K. M. Perkar

Shri Shiv Kumar Perkar, Foreman B, working in Laser Materials Processing Division, retired on June 30, 2014, after serving DAE for 27 years. Shri Perkar was born on July 1, 1954 in Indore district of Madhya Pradesh. He joined RRCAT in the year 1987. Shri Perkar has made

valuable contribution in installation, commissioning, operation and maintenance of indigenously developed carbon dioxide lasers. We remember his contributions and wish him well for his post retirement life.

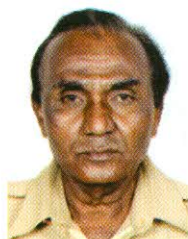

S.4: P. D. Panchal

Shri Prabhu Dayal Panchal, Sr.Tech. (H) joined RRCAT on 17th Dec 1987 as a technician. Prior to joining RRCAT, he worked in renowned companies like Gajra Gears and Steel Tubes of India Ltd for 13 years. Throughout his long career in workshop, he contributed significantly in providing precision mechanical components for laser research and development activities. We remember his contributions and wish him a healthy retired life.

S.5: Shri S.G. Gulavane

Shri. Suhas Gangadhar Gulavane, Tech. (G), retired on superannuation on May 31, 2014. He was born on May 25, 1954 in Sangali Maharashtra. He completed his N.C.T.V.T., Turner in year 1974. He joined BARC as Tradesman (B) on December 15, 1982. Before joining DAE he worked in reputed firms like Voltas Ltd, Ghatge Patil Industries, Teksons Ltd. He was transferred to RRCAT in April 1988. On joining RRCAT he was working in Laser Plasma Division, where he worked on mechanical assembly and fabrication of the components & subsystems of Nd-Glass High Power Laser System. These components include mirror mounts, optical mounts, translation stages, enclosure for lasers. Later he was transferred to Laser Electronics Support Division, where he worked on mechanical assembly of various electronics racks and Instrument cases for various control & data acquisition systems. We remember his contributions and wish him a healthy retired life.

S.6: Shri I. Singh

Shri Inder Singh (Ex-serviceman) had joined the Raja Ramanna Centre for Advanced Technology as Security Guard on 09.12.1994. After serving this centre for about 20 years, he retired on 31.05.2014. We remember his contributions and wish him a healthy retired life.

S.7: Shri K. C. Mourya

Shri Kamal Chand Mourya (Ex-serviceman) had joined the Raja Ramanna Centre for Advanced Technology as Security Guard on 07.01.1994. After serving this centre for about 20 years, he retired on 30.06.2014. We remember his contributions and wish him a healthy retired life.
