

Raja Ramanna Centre for Advanced Technology

Indore, Madhya Pradesh, India 452 013

‘Swachhata-Hi-Seva’

(15 September 2017 to 02 October 2017)

Action Taken Report

1. Objective

The objective of the celebration of the ‘Swachhta Hi Seva’ fortnight, as a part of the ‘Swachh Bharat Mission’, was to take up sanitation initiatives, mobilise people and reinforce the mass movement for cleanliness to contribute to Mahatma Gandhi’s dream of a Clean India. DAE have forwarded a letter No. S-18020/74/2017 /SBM-III dated 15 September, 2017 received from Ministry of Drinking Water and Sanitation to take up programmes under the above mission.

In this report various programs taken up by this centre have been briefly described here.

2. Background

Raja Ramanna Centre for Advanced Technology is a unit of the Department of Atomic Energy, Government of India, (www.rrcat.gov.in). The campus encompasses technical area consisting of laboratories, workshops, and offices, as well as residential colony with housing for staff with amenities like school, sports facilities, shopping complex, gardens etc. The campus is spread over a 700 hectare site on the outskirts of Indore city, out of which 177 hectare area is demarcated for residential purpose.

Periodic cleaning campaigns are organized in the campus in which staff members, Atomic Energy Central School (AECS) students and teachers, CISF employees and colony residents take active part.

3. Execution of ‘Swachhta Hi Seva’ Action Plan

The following action plan was made for the fortnight:
